Gmaj7 Amin
Where did our love go?

Bmin Amin
We were higher than the sky

I've got no answers

Can't tell you why

But the shadows on the flower

And the prayin' is done

Gmaj7 Amin Am7 Gmaj7
And our fragrant magnolia lies faded in the sun

Asus4 A7 Am7 Gmaj7

Chorus

Gmaj7 Amin
When will the sun rise?

Bmin Amin
When will it end?

This night feels like forever

When did it begin?

You can't deceive me

I can't pretend

 Asus4 A7
We're not really lovers

Am7 Gmaj7
Not really friends

Asus4 A7 Am7 Gmaj7

Verse II

Gmaj7 Amin
I've packed up all my memories

Bmin Amin
Sealed each one with a tear

So many moments

So many years

You have been my Angel, my Compass, my Light

Gmaj7 Amin Am7 Gmaj7
Now, I won't have your sweet love to make things right

Am7
I don't know how

Bm7
I'm gonna make it through the night

Am7
Or where I'll find the strength

Cm7
To leave you in the morning light

Chorus

Gmaj7 Amin
When will the sun rise?

Bmin Amin
When will it end?

This night feels like forever

When did it begin?

You can't deceive me

I can't pretend

 Asus4 A7
We're not really lovers

Am7 Gmaj7
Not really friends

Verse III

Gmaj7 Amin
Now there's a hole in my heart

Bmin Amin
That your laughter used to fill

Gmaj7 Amin
I've always loved you

Am7 Gmaj7
I always will
