Punching the clock, paying my rent

Fill up my basket, watch every cent

Turn on the TV, turn into bed

Trying not to fall underneath it all

I'll find my smile and I'll trust and believe

G Fmaj7 Amin Emin Fmaj7

Underneath it all

Love of my life, first and the last

Everyone's envy, now it's my past

Slowing me down, breaking the tide

Tending to the surface, but hurting inside

Underneath it all
I'll find my smile and I'll trust and believe
That there's someone out there that will make me forget
That the two of us met in this life, and still here you are
Underneath it all
