

Let it Go – E

music and lyrics ©2003 Jesse Moore

E

He's got you cryin', you don't know what to do
You sit and wonder why he does all the things he does to you

A

Let it go

E

You know that if you stick around all you get is more.

Oh no!

B

Pack your bag, grab your coat and hat

Bb

A

G

Leave him flat, girl, you know you've gotta let it go

E

Let it go

You're holdin' onto something that you know was never really there
You're holdin' onto someone that you know could never really care

Let it go

You don't wanna play a part in that kinda show.

Oh no!

Turn your back on all that smack,
Cut yourself some slack, girl
You know you've gotta let it go
Let it go
"Got to go." is all she wrote, leave that dope, girl
You know you've gotta let it ...

Bridge: F# A A A# B

Right around the corner there has got to be something new
Steppin' out that door is the only smart thing left to do
Let it go
You know that if you stick around you're gonna hit that floor.
Oh no!
Pack your bag, grab your coat and hat
Leave him flat, girl, you know you've gotta let it go
Let it go
Turn your back on all that smack,
Cut yourself some slack, girl
You know you've gotta let it go
Let it go
"Got to go." is all she wrote, leave that dope, girl
You know you've gotta let it...
