

You Won't Be There - G

music and lyrics ©2003 Jesse Moore

Intro: G C G Amín7

G
What can I say?

C G Amín7 G
When something so sweet has been taken away

G
What can I do?

C G Amín7 G C C/B
But sit here alone and wish you'd come home

Chorus:

Amín Bmín
If the stars come out tonight

G
It ain't right

Amín Bmín
If the sun comes up tomorrow

Cmín
It ain't fair

G Cmín7
You won't be there

G
You won't be there

Where are you now?
Are you here listenin'?
Please show me how
How do I deal?
How do I deal with this pain that I feel?
Is there a place
Where I'll once again see your sweet smilin' face?
Is there a way? Could there be a way?
That I could say all that I never did say

Chorus

Amin G
Questions stoke the pain
Amin Bmin G
The answers washed away with the pouring rain
Amin Bmin Cmin7
And I can't, just can't find a place to lay the blame!

Why was it you? Why now?
I'd love to see your spirit if I only knew how
What would I do? What I wouldn't do!
For just one more minute of laughter with you
What would I say?
Maybe just "I love you", and then I would say

Chorus
